CCS Dynamic COSHH Risk Assessment.

For use with products that are one off or very occasional use and where there no CCS COSHH Risk Assessment is available.

When purchasing a product check label to see if it is hazardous.
If it is hazardous, check to see if there is a less hazardous product available.

Before using the product, read the label and take precautions as indicated including;
PPE
Ventilation

Check First Aid measures.

If in doubt, Do Not Use.
